

THOMAS DARWIN J

Full Stack Web Developer

📍 Dindigul, Tamil Nadu | 📞 6381310736 | ✉️ thomasdarwin1208@gmail.com | 🔗 www.linkedin.com/in/thomas-darwin-12aug2006

Portfolio: <https://thomas-darwin-portfolio-2nbz.vercel.app/> | <https://github.com/tho-mas12>

Motivated and detail-oriented Computer Science student with skills in web development. Experienced in developing responsive applications using React.js, JavaScript, SQL, and MongoDB, with a strong passion for learning new technologies and building real-world projects.

Professional Experience (Internship)

FrontierWox Tech:

May/2026

Trichy

Full Stack Web Developer (Intern)

- Developed a Sports Day Registration System for student event management.
- Designed responsive UI using React.js, MongoDB, and Figma.
- Collaborated with team members using GitHub for development phase.

Part Developer – IQAC (St. Joseph's College (Autonomous), Tiruchirappalli)

(present)

- Contributed to the development of the official IQAC Management Website.
- Designed modules for securely storing department-wise IQAC data.
- Worked on Full Stack development, database integration, authentication, and deployment.
- Assisted in creating a digital platform to simplify institutional data management and documentation.

Projects

• JIM Hostel management System

Designed and developed a web-based system to streamline hostel attendance and room occupied details. Features include student attendance report and director manage workflow, and basic data management.
